The New Age Of High School Sports Recruiting

Our Mission

CheckMySkills.com is an online recruiting and networking community developed to provide solutions for the current recruitment issues of student-athletes, parents, college recruiters and high school coaches.

CheckMySkills.com breaks down the exposure barriers for student-athletes and the radius limitations for recruiters. CMS also provides recruiters with an invaluable management tool. CMS gives high school coaches the resources to guide their athletes and parents the resources needed to find scholarships and the best school for their children.

What We Are About

CheckMySkills (CMS) is the antidote to many of the high school sports recruiting headaches associated with traditional scouting methods.

CMS has created a unique approach for matching high school athletes with athletic programs using the latest in online social networking, video streaming and advanced search technologies.

What's the Idea?

Student-athletes struggle with limited exposure to recruiters. And recruiters struggle with a limited recruiting radius. CMS provides student-athletes with the exposure they need in a competitive college market. Our comprehensive profiles provide recruiters with all details (academic and athletic) necessary to evaluate student-athletes, while saving time and money.

Benefits for Student-Athletes

- Gain exposure to colleges and universities nationwide
- Increase chances for academic and athletic scholarships
- Interact with other student-athletes worldwide
- Deliver comprehensive online resumes to recruiters
- Upload highlight videos and photos to showcase your skills
- Research athletic and academic information on NCAA schools

Benefits for Recruiters

- Promote cost and time effective recruiting
- Expand recruiting radius
- Search and organize prospective student-athletes
- Evaluate comprehensive member profiles and highlight videos
- Manage the entire recruitment process
- Increase school and team exposure
- Streamline communication between staff

Benefits for Parents

- Provides a safe environment for networking with recruiters
- Personal information will be safe and not distributed
- Find out about academic and athletic scholarships available
- Learn about the entire college recruiting process
- Get expert advice that will help your child in college and beyond

Uniting a Nation of Student-Athletes

Why CheckMySkills?

CheckMySkills is the product of founder Vincent Gandino's life experiences as a student-athlete who was recruited by Marist College to play football, and who served as a high school football coach for St. Francis Prep in Fresh Meadows, New York.

Vincent's relationships and interactions with high school athletes and their families provided him with a strong indication that the same recruiting issues he and his family faced fourteen years ago still existed.

As an owner of a website development firm, Vincent decided to direct his professional experience and resources into developing a solution to those recruiting issues.

About The Team

In building a staff to take on this challenge, Vincent brought together a group of diversely qualified individuals with a wide range of expertise, some of which he had played football with at Marist.

Vincent sought to incorporate members of his former team, understanding the inherent value of comprising his staff of former collegiate athletes who would bring with them their own life experiences with the recruitment process. He knew this would give his company the unique advantage needed to help students overcome the obstacles associated with getting recruited, while at the same time promote the core values of teamwork and camaraderie that he feels are indispensable to success.

The CMS Resource Center

The Resource Center was constructed as an online mentoring system to enhance the student and parent experience using CMS. Our Resource Center provides beneficial information for student-athletes, their parents, and coaches.

It will be composed of four primary departments: Academic, Athletic, Nutrition, and Social Awareness.

CMS is looking to give young adults all the resources they need for college and for life after college.

Giving Back

CMS is committed to giving back to society by earmarking a percentage of funds generated from membership fees and advertising sales to be used for college grants awarded to its members.

One such grant that we will provide is the J. J. Allen Grant which will be awarded once a year to college bound athletes who meet the academic and athletic requirements determined by the CMS Grants Review Board.

J. J. Allen, a former Marist College Red Fox football star passed away at the age of 28 from cancer. Allen embodied all the qualities of a great student-athlete, from his success on the football field, to his contributions to the Marist College community as a whole.
